ಕಾರ್ಯದರ್ಶಿ
ಅರಣ್ಯ, ಪರಿಸರ ಮತ್ತು ಜೀವಿ
ಶಾಸ್ತ್ರ ಇಲಾಖೆ (ಅರಣ್ಯ-ಬಿ)

Serial No.

1) Govt of Madras in their order no 1606 d 29-6-56 directed that a belt of 200 yards wide (page 5cf) instead of 100 yards should be left around private holdings whether Kadim Warg or Hosgane in connection with the reservation proposals of Hengavally, Belve etc in the reserved forests of South Kanara.

2) According to this order, work already done during the past two years has now to be redone by revising the survey and demarcation work etc.

3) Hence the CCF requests sanction of Govt for the staff noted at 'A' in para 3 of Page 2cf. It is reported that the work will commence from September 1957 to end of Feb 1958 (6 months). The total expte is reported to be Rs 14860/- After the establishment is sanctioned the CCF has said that necessary provision will be made in the budget either by reappropriation or out of anticipatory savings.

4) Subd for orders with FI concurrence.

5) The following staff has been asked for

Collections no 2
1) G.O. no MS 1406 d 25-5-55
2) G.O. no 1606 d 29-6-56

AD 24/5

Note.—Contn. Sheet

1 Assistant Conservator
2 Rangers
4 Foresters
1 Draftsman
3 Peons

6) The staff is decidedly more looking to the work involved. It seems it would suffice if only a staff consisting of 1 Ranger, 2 Foresters 1 draftsman and 1 Peon is sanctioned. The staff can be augmented only after knowing the progress that is achieved during the period ending 31.3.58, and the work that remains to be done on that date. The staff at 'A' may be agreed to with the concurrence of the FD.

C.G. Pillay
28.5.57

7) Please require CCF. the ... to state sanctioned by Madras Govt & whether to continue from time to time, since the strength. But, if budget provision has been made

2 251,—

S.No. 5467

10) With ref. to G.O., dt. 8-6-57 (P-7/C) the C.C.F. in his letter, dt. 20-6-57 (P-9/C) indicates the staff sanctioned for the work under reference by Madras Govt. from time to time. In the present correspondence the C.C.F. requests for one additional post of one Draftsman, whose services seem to be essential under the circumstances explained by the C.C.F.

11) We may therefore sanction, if approved, the staff consisting of 1 Ranger, 2 Foresters, 1 Draftsman and 1 peon as indicated at para 6 supra in the first instance from 1-9-1957 to 28-2-1958 with the concurrence of Finance Deptt.

12) The C.C.F. promises to review the position and the proposal for the continuance of the staff for the said work together with the financial aspect in the matter.

13) The C.C.F. clarifies in respect of the budget provision for the Estt. at para 5 of his letter. In the circumstances it is for orders.

KDY 14-8-57 14) The work involved does not seem to be much and can be done by the staff mentioned in para 6 with the sufficiency of the D.F.O. of the Div. high.

15)

E.P. Pillai 16.8.57 This is an important Bank, which should be kept expeditiously to increase the Reserve area. The staff asked for is necessary & may be sanctioned from 1.10.57 to 31.3.58 as a trial

the season during which field work is taken on hand in South Kanara. The staff asked for may be sanctioned.

16) There is a Soil Conservator for the Scheme which seems to have no statutory work. The C.C. & Ag. may be requested to consider abolition of the post & divert him for this work from 1.10.57.

17) The C.C. & Ag. may be requested to study the soil question & submit concrete proposals for finishing the work in further of three years from 1958-59. By employing more surveyors. When there is a Gazetted Officer to supervise, there can be more surveyors, each batch working under a R.O. & thus the work could be speeded up.

18) The F.D. may concur to give the proposed staff from 1.10.57 to 31.5.58.

Serial No.

However the D.C, South Kanara may perhaps be consulted on the proposal.

PTO

6/2 25) The C.C.F., the C.F. and the D.F.O., South Kanara state that as per the policy laid down by Govt. of Madras vide their G.O. No. 1606, Agri. dt. 29-6-1938 a belt of 200 yards has been allowed round cultivations thereby causing Govt. huge loss of the Forest Revenue. It is therefore suggested that the Madras Govt's order be reviewed to limit the belt round the cultivations to 100 yards by which action Govt. will save valuable Forest wealth.

26) Secondly the staff for this survey and demarkation work has been sanctioned till 28-2-1958. vide G.O., dt. 16-10-1957. The question of sanctioning the continuance of this staff for this work will be considered on the decision of Govt. whether to limit the belt to 100 yds or keep it to 200 yds. as already ordered by Govt. of Madras.

28) The letter of the CCF at pages 21 & 23 C7 is for Personal. The CCF has forwarded an extract of the resolution passed in the meeting of the Dt officers held at the Collector's Office, Mangalore.

29) In the circumstances, he requests to approve of his instructions issued to the Conservator of Forests, Coorg to proceed with the work leaving a buffer area of 100 yards in the new areas to be demarcated. Dft letter is put up for consideration.

PM
27/2
G.P.
1.3.58

30) Madras Govt had first ordered that a belt of 100 yards should be left. Later it was reduced to 200 yards on representation & survey work done had to be redone. It is again reported that 100 yards are enough. The Minister must have discussed the matter while at Mangalore. 100 yards seems ample & CCF's action may be approved. As this is a case of revision of Madras order & question of policy, a concise decision may be helpful. Minister

34) It would be better to look into the Madras Govt order leading to G.O dated 29-6-53 increasing the width of the buffer area from 100 yards to 200 yards. As pointed out in the notes earlier in this file the Madras Govt have increased the width and there must have been valid reasons. The Madras Govt order can be modified & privileges conferred if withdrawn only if it is established that the conditions have changed since then.

page 5 c7

35) Moreover it appears from the correspondence that the Kuadiru landholders have some rights & privileges. Law Dept will have to examine if such rights & privileges can be curtailed without payment of compensation.

68) Reference paras 56 and 57.

Submitted for orders.

(69) From the proceedings leading to the G.O. of 29.6.56. it appears that the orders are adequate and no change is necessary. The intention underlying those orders is that reservation proposals are to be revised leaving a belt of 200 yards wide from the boundary of occupied lands both Kadimbagi and Hosagame and that in individual cases where there might be inconvenience or real hardship it has been left to the discretion of the Forest Settlement Officer to give some suitable and necessary concession. In view of this position, no change in the width of the belt seems necessary. We have also scrutinised stuff for the revision of the reservation proposals.

70) The receipt of the records from the Govt of Madras may also be acknowledged.

(G.O. following 70)

25.1.59. On carefully going through the Madras files (Flag B) & particularly that leading to G.O. No 29.6.56 (Flag B.) it is inadvisable to modify the decision of Madras Govt to reserve 200 yards around at after detailed examination & the forest proposal of C.C. 7. to reduce it to 100 yards need not be accepted. The full notes in Flag X collection may be seen. There also the Forest Officer contended that 100 yards were enough but Collector in consultation with people suggested 200 yards. The Forest view was rejected by Madras & Collector's view accepted. Ministers Shri. A.B. Shetty & Shri Abdul Kavalekam passed orders, the latter after his fashion & enquiry.. we may adhere to the Madras decision though its involves reversion of

No.B-6-19-262/57-58

Chief Conservator's Office,
Bangalore, dated 16-5-57
17

To

The Secretary to Government,
Agriculture and Forest Departments,
Bangalore.

Sir,

SUVEY AND DEMARCATION OF UNRESERVES FOR CONSTITUTING AS RESERVED FORESTS IN SOUTH KANARA.

SECRETARY TO GOVERNMENT
NO.....
18 MAY 1957
FOREST & AGRICULTURE

The forest areas under reserve in South Kanara District was only 22.5% of the land area. In view of the peculiar configuration, innumerable rivers and streams and close proximity of the sea etc., of this District the erstwhile Government of Madras took action to bring under reserve the large areas of unreserves in this District rich in forest resources, but at present grosly neglected, indescriminately hacked and fast deteriorating. The total area of such unreserves is 1090 Sq. miles. All these areas adjoin the reserves and contain good growth. Accordingly action was taken to declare these areas under Section 4 of the Madras Forest Act viz., preliminary to bringing them under reserve and by the special staff employed during 1954-55 and 1955-56 under Madras Government's sanction Nos.G.O.MS 248 (Agri.) dated 29-1-1954 and 2335 dated 29-9-55 respectively an area of 18.87 Sq. miles was so far surveyed and demarcated by leaving a belt of 100 yar around private holdings of Khadim lands (held prior to 1866) for the exercise of Kumki rights allowed to them by rules in fr 8 feet line round the blocks has been cleared and cairns put up at salient points.

MYSORE GOVERNMENT SECRETARIAT
NO.....
20 MAY 1957
ANIMAL HUSBANDRY & FOR

2. But as a result of the representation made to Government by the Khadim land holders as well as Hosgame land-holders (holders after 1866) against the reservation proposal itself, the above orders quoted in para 1 were revised by the Madras Government, Agricultural Department in their order No. dated 29-6-56 (copy enclosed) directing that a belt of 200 y wide instead of 100 yards should be left around private hol whether Kadim warg or Hosgame. According to this revised

F.O.

Government orders the work already done during the past years has now to be redone by:-

1) revising the survey and demarcation work ~~done by the survey and demarcation work~~ done during the past 2 years by clearcutting fresh lines and leaving a belt 200 yards from the boundary of occupied lands against 100 yards that is now left both from Kadimwarg and Hosgame and that in individual cases there might be inconvenience and real hardship, it may be left to the discretion of the Forest Settlement Officer to give some suitable and necessary concessions.

2) Surveying and demarcating the remaining area by clearing a line of 8' wide and building cairns of 4'x2'x2' at all salient points and leaving a belt of 200 yards from the occupied lands both from Kadimwar and Hogame.

3. The following staff for carrying out the above works from September 1957 to the end of February 1958 in the first instance may be sanctioned at the end of which the position will be reviewed and proposals for further continuance of the staff will be submitted in due course.

The probable expenditure required for the staff and for the work will be as under:-

Designation and number	Pay per month	D.A. per month	Probable T.A. per month	Total, for 6 months (1 Sept. 57 to 28-2-58)
1. One Asst. Conservator of Forests.	300	45	150	2970
2. Two Rangers	80	25	120	2700
3. Four Foresters	50	25	19.69	2272.56
4. One Draughtsman	70	25	-	570
5. Three peons	25	25	25	1350
For works such as clearing line 8' width at Rs.20/- per mile and building cairns 4' x 2' x 2' at all salient points at Rs.5/- per cairn.				5000
				14862.56 or Say Rs.14860/-

I request you kindly to communicate to me orders of Government in the matter and also for the sanction of the staff and expenditure detailed above early.

After the establishment is sanctioned by Government the necessary provision will be made in the budget either by reappropriation or out of anticipatory savings.

Yours faithfully,

Enclosure: one

M. A. Muthanna

(M.A.MUTHANNA)
CHIEF CONSERVATOR OF FORESTS.

Copy of G.O.Ms.No.1606 dated 29th June 1956 from the Government of Madras - Agriculture Department.

Forests - South Kanara District - Coondapur Taluk - Reservation of certain areas - order issued.

Read again:- Government order Ms.No. 248. Agriculture d/29.1.54.
Government Order Ms.No. 1406 Agriculture d/ 25-5-56.

Read also:-
From the Collector of South Kanara Ref.No.A7. 12872/55. dated 22-11-1956
From the Chief Conservator of Forests, Ref.No. 2622/55. G. dated 21-1-1956.
From the Board of Revenue (Land Revenue) B.P.Mis. No.326. dated 14-3-1956.

Order:- In Government order Ms. No. 248, Agriculture dated 29th January, 1954 sanction was accorded to the employment of special staff in connection with the work of preliminary survey,etc of unreserve in South Kanara Division suitable for reservation under the Madras Forest Act. After survey and demarcation of the unreserves in South Kanara District, proposals were - submitted for the reservation of certain areas in the following areas of Coondapur Taluk.

1. Delampady	347.50 acres.
2. Shirady Kodimbala.	886.00 acres.
3. Hengavally	1251.00 acres
4. Suranjikana.	182.00 acres
5. Rattadi.	511.00 acres
6. Belve.	475. acres.
7. Albadi	266.00 acres
8. Amashebail	174.00 acres
9. Devachalla	934.00 acres
10. Kuthatuhola	1100.00 acres.
11. Aletty	520.00 acres.

However, in their petition dated 17th January 1955 the pattadars and cultivators of Aletti village, Puttur Taluk South Kanara District represented against the reservation of 2,000 acres in the area. Thereupon the Collector of South Kanara was asked to convene a meeting of M.L.As of the District, the resident and Vice-President of the Dt. Board and to forward their opinion with his remarks.

2. The Collector has stated that the representation is against the proposals for the reservation of Hengavally, Rattadi,Belve Albadi and Amashebail villages. He has reported that the main apprehension of the villagers are that the reservation of the areas will curtail their privileges and that they will be subjected to ravages of wild beasts on account of the proximity of the reserve boundary . He has stated that on an assurance that the privileges they are enjoying would be safeguarded, they are agreeable to the suggestion to have a buffer area of 200 yards wide instead of 100 yards as usual, whether Kadim warg or Hosagame and that the Dt. Forest Officer, South Kanara is also agreeable to this. He has therefore suggested that the reservation proposals may be ordered to be revised leaving a heavy belt of 200 yards from the boundary of these occupied lands both from the Kadim warg and Hosagame and that in individual cases where there might be inconvenience of real hardship, it may be left to the discretion of the Forest Settlement officer to give some suitable and necessary concessions. The Chief Conservator of Forests has stated that the belt area of 200 yards suggested by the Collector may be allowed only in cases the existing practice may be allowed to continue.

The Government agree with the suggestion of the Collector of South Kanara, and direct that the proposal for reservation of the area may therefore be revised accordingly.

HOME, FOREST & AGRICULTURE

Sir,

Survey and demarcation of unreserves for constituting as reserved forests in South Kanara.

Ref:-Govt. letter No.AFD 204 ENL 57 dated 3-6-57.

The special staff sanctioned for the work under reference in the first year by Madras Government under G.O.M.S. No.248 Agri. dated 29-1-1954 is as under:-

One Assistant Conservator of Forests
Two Rangers
Four Foresters
Three peons.

2. The above staff started functioning from 9-10-1954 and worked upto 31-5-1955 as sanction was upto that period and it was also not possible to carry on the survey work during monsoons. The work turned out during the period is as shown below:-

1.	Shirady block	886 acres	
2.	Aletty block	407 "	
3.	Delampady block	347 "	(This block goes to Kasaragod Taluk i.e. Kerala State)
4.	Suranjikan block	182 "	
5.	Hengavally "	1251 "	
6.	Rattady "	511 "	
7.	Kuthatahola "	775.45 "	
8.	Amashebail "	174 "	
9.	Albady "	266 "	
10.	Devachalla "	977.20 "	
11.	Belve block	475	
	Total	6251.65	

3. The same staff was again sanctioned by Madras Government under No.G.O.M.S.2335 dated 29-9-1955 from 1-10-55 to 31-5-1956 and the work was progressively continued. The work turned out during the period is as below:

1.	Jambulukadu block	539 acres
2.	Hengavally "	246 "
3.	Suraladavi exten. I	264 "
4.	-do- " II	180 "
5.	Doddinaberu block	365 "
6.	Pajugudde "	400 "
7.	Periyabane "	917 "
8.	Balpa Extn. I	598 "
9.	Nerankimale Extn.	250 "
10.	Achinamale block	1200 "
11.	Nadje block	350 "
12.	Mundaje block	500 "
	Total	5809 "

4. The staff now applied for is also the same viz.

One Assistant Conservator of Forests,
Two Rangers,
Four Foresters,
Three peons,
one draftsman

except for one draftsman whose services are quite essential for mapping work, preparing of notification under Section 4 etc.

P.T.O.

which work cannot be attended to by the Rangers who are busy in supervising the field work during fair season.

5. The staff asked for is for a period of 6 months from September 1957 to the end of February 58. The budget provision for the establishment has been now made for 2 months. The expenditure towards establishment for the remaining four months and for works ~~at~~ totalling to Rs.14860/- will have to be met out of additional grants if no reappropriation can be made towards the end of the year.

Yours faithfully,

M. A. Muthanna

MYSORE GOVERNMENT SECRETARIAT
NO. 13468
23 DEC 1957
ANIMAL HUSBANDARY & FOREST BRANCH

No.B-6-19-262/54 Chief Conservator's Office,
Encl. 2 Bangalore, dated 13 - 12-57.

To

The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub:-Survey and demarcation of unreserves for constituting as reserved forests in South Kanara District.

Adverting to G.O.No.AFD 204 ENT 57 dated 16-10-57 I forward herewith District Forest Officer, South Kanara's letter No.RC 6320/55-D dated 29-10-57 and request the favour of reconsidering the orders contained in Madras Government's No.Ms.1606 dated 29-6-1956 (copy of which has already been furnished to Government) in view of the discussion held by the District Forest Officer with the Minister for Agriculture and Forests during his recent tour in South Kanara District.

Shri A.
23/12

2. The extent of survey and demarcation work so far done at a heavy cost to Government during the last 2 years by leaving a belt of 100 yards and the time and the money that will now be wasted in revising the above demarcation work by leaving a belt of 200 yards round cultivations as per the revised orders of the Madras Government, have been clearly explained in the District Forest Officer's letter No.R.C. 6320/55-D dated 22-2-1957 a copy of which is enclosed herewith for favour of perusal.

3. When Government is thinking of enacting legislation for acquisition and control of private forests, it is not desirable that vast belts as that of 200 yards out of such valuable forests which are already in charge of Government, should be released to cultivators for their indiscriminate uses.

P.T.O

The revised orders of the Madras Government referred to above, therefore, require reconsideration.

4. As the staff required for the work has already been sanctioned by Government in their No.AFD 204 ENT 57 dated 16-10-57 and orders to proceed with the work have also been issued to the Conservator of Forests, Coorg, from this office, Government may kindly be moved to take ~~early~~ early decision in the matter.

Yours faithfully,

(K.KADAMBI)
Chief Conservator of Forests.

AS/13/12.

my conviction, that even now it is not too late to retrieve the position, and save the vast and rich unreserves from further exploitation by taking timely action for reserving them reducing the width of the belt to the original 100 yards by addressing the Government.

The Special Staff engaged on this work surveyed and demarcated a total of 23 blocks of 12060.65 acres during 1954-55 and 1955-56 as detailed below:-

Details of work surveyed and demarcation done during 1955-56 by the staff sanctioned as per G.O. Ms. 248 Agriculture dated 29-1-1954.

1. Shirady block	886 acres	
2. Aletty block	407 acres	
3. Delampady block	347 acres	(This block goes to Kasaragod Taluk i.e.K State)
4. Suranjikan block	182 acres	
5. Hengavally block	1251 acres.	
6. Rattady block	511 acres.	
7. Kuthatuhola block	775.45 acres	
8. Amashebail block	174 acres	
9. Albady block	266 acres.	
10. Devachalla	977.20 acres	
11. Belve block	475. acres	(This block is propo to assign to the landless poor perso of Belve village by the Revenue Departm and the Forest Depa ment consented into the proposal)
Total	11 - 6251.65	
Thus balance	9 - 5429.65 acres	

Details of work, survey and demarcation done during 19 as per G.O. Ms. No. 2335 Agri. dated 29-9-1955.

1. Jambulukadu block	- 539 acres.
2. Hengavally block	- 246 acres.
3. Suraladavi extension I	- 264 acres
4. -do- II	- 180 acres
5. Doddinaberu block	365 acres
6. Pajugudde block	- 400 acres
7. Periyabane block	- 917 acres
8. Belpa Extension I	- 598 acres
9. Nerankimale extension	- 250 acres
10. Achinamale block	1200 acres
11. Nadje block	- 350 acres
12. Mundaje block	- 500 acres
Total 12 =	5809 acres

If this survey and demarcation work has to be done acc to the recent Government orders Ms. 1606 Agri. dated 29-6-19 leaving a belt of 200 yards, the entire work has to be redon Practically the whole area proposed originally have been surve and demarcated leaving 100 yards belt and now with the presen G.O. very little of it will be available for reservation. Th total period that would be required for the redoing the work per recent orders of the Government will be about 2 years, as during monsoon period from June to August the work cannot be t up during the monsoon due to heavy rains, and during this pe the services of the staff will be utilised for preparing mana Section notification etc of the plots surveyed by them as was done in Wynaad Division with the exclusion of Assistant Conser of Forests during these six months. Hence at present sanctio of the Government may be obtained cancelling the order to all

allow 200 yards and appointing the staff for one year at pres. i.e. April 1957 to March 1958 at the end of which the position will be reviewed and proposal for their further retention will be submitted.

The Special staff of one Asst. Conservator of Forests, two Rangers four Foresters, 3 peons were sanctioned for six months in the 1st year as per G.O.Ms. No. 248 Agri. dated 29-1-1954 and the similar staff continued again for six months as per G.O. Ms.No. 2335 Agri. dated 29-9-1955 after which the special staff was abandoned for want of further sanction from 1-6-1956.

The same staff i.e. one Asst. Conservator of Forests two Rangers, four Foresters, three peons and one Draftsman will be required to take up this work at present.

The probable cost of the staff and for the works for one year is as follows:-

Designation and Number.	Pay per month.	D.A. per month.	T.A and F.T.A. per month.	Total for one year
One Asst. Conservator of Forests.	300	55	150 T.A.	6060
Two Rangers.	80	30	120 T.A.	5520
Four Foresters	50	30	19-11-0 F.T.A.	4785
One draftsman	70	30	—	1200
Three peons.	25	30	25	3540
For works such as clearing, surveyed line 8' wide and building cairns of 4'x2'x2' at all salient points at Rs 20 per mile and Rs 5/- per cairn.				5000
Grand total				26105

Rupees twenty six thousand, one hundred and five only.

In case the sanction is given for the continuation of special staff for the whole year no Draftsman is necessary, as the Range Officers and Forsters can take up the mapping work, preparing Section 4 notification Section 16 notification etc during monsoon, i.e. from June August 1957 and if the sanction is given from September to May then the service of the Draftsman is quite necessary. I request that the Government may please be approached and the order got revised appointing a Special Staff to continue the work which is important as the unreserves are still being depleted.

Sd. K.A.Muddayya,
District Forest Officer,
South Kanara.

Head Clerk. 1.5.57

Enclosure 1. File R.C.No. 6320/55. D. dated 7-5-55 pages 1 to 394 pertaining to unreserves as ordered in the reference cited above

Copy submitted to the Conservator of Coorg Circle Mercara for favour of information.

As per Chief Conservator of Forest's Ref.No.B4.29-1296/56. dated 22-1-57 this report is submitted direct to the Chief Conservator of Forests Mysore, Bangalore along with the file No.R.C.6320/55.D.(Ps.1-394)

br.26.2

Copy of letter No.R.C.6320/56-D dated 29-10-57 from the D.F.O. South Kanara to the Chief Conservator of Forests through the Conservator of Forests, Coorg.

Sub:-Reservation of unreserves - proposals regarding the fixing the belt around the private holdings- discussed with the Hon'ble Minister for forests. report submitted.

In continuation of my report Ref.C.No.6320/55-D dated 22-2-1957 I beg to submit that I brought all the facts mentioned in that report to the notice of the Hon'ble Minister for Agriculture and Forests during his recent tour in the District and pointed out that the usual buffer left in the past is only 100 yards and that in case of encorachments Government ordered vide G.O.No.1167 dated 8-3-1956 that a 50 yards buffer would be sufficient. It was also pointed out that all these agitations for the 200 yards buffer was sponsored by some interested persons, whose main object was to exploit the tree growth and convert into quick money. Therefore it was suggested to the Minister that the Government order issued by the Madras Government in their G.O.No.1606 dated 29-6-1956 be revised limiting the buffer to 100 yards. The Hon. Minister was convinced and was pleased to send up proposals to change the above mentioned order. I request that the Government may please be addressed urgently and the revised order of 100 yards buffer obtained, so that we could reserve all the remaining well wooded area reserved before further mischief to deplete them is undertaken by the interested parties.

MYSORE GOVERNMENT SECRETARIAT
No. 2098
13 FEB 1958
ANIMAL HUSBANDARY & FOREST BRANCH

Sir,

Sub:-Survey and demarcation of unreserves for constituting as reserved forests in South Kanara District.

In continuation of this office letter of even number dated 20-12-57 I am enclosing herewith an extract of the resolution passed on the above subject in the meeting of the District Officers held at the Collector's Office, Mangalore on 26-11-1957 for favour of information.

2. The staff sanction under Government letter No.AFD 204 ENT 57 dated 16-10-57 has already been entertained and I am asking the Conservator of Forests, Coorg, to proceed with the work leaving a buffer area of 100 yards in the new areas to be demarcated in anticipation of Government sanction.

3. Government may therefore, kindly be moved to issue early orders in the matter and approve of my instructions issued to the Conservator of Forests, Coorg in para 2 above.

Yours faithfully,

(K.KADAMBI)
Chief Conservator of Forests.

AS/28/1.

AD 27/2/58

Extract from the proceedings of the meeting of the District Officers held at the Collector's Office Mangalore on 25-11-57 convened under instructions from the Divisional Commissioner, Mysore.

X X X X

CONVERSION OF UNRESERVES INTO RESERVES.

It was agreed that about 24 blocks of unreserved land which are adjacent to the Reserves in the District may be converted into Reserves. In this connection the Assistant Commissioners Coondapur and Puttur stated that about 12 blocks in each of their divisions measuring two to three thousand acres in each division containing thick growth of trees could be made available for reservation immediately. It was also suggested that the Special Staff of the Forest Department can take up the selection of additional land for reservation in consultation with the Assistant Commissioners.

It was also agreed that a buffer area of 100 yeards between the patta boundary and the Reserve Forest boundary would be sufficient and that the Forest Department should mark the Reserve Forest Boundary in a conspicuous manner lest the ryots should tresspass into the Reserve due to ignorance.

Note.—Contn. Sheet

Office of the Chief Conservator of Forests,
Bangalore, Dated the 20th Feb., 1958.

No. B6.19.262/57

From The Chief Conservator of Forests,
New Public Offices, BANGALORE.

To The Secretary to Government,
Forest and Agriculture Department,
BANGALORE.

Sir,

Sub:-Leaving a margin of 200 yards while demarcating unreserves of South Kanara.

Ref:-This office letter No. B6.19.262/57 dated 11-2-58.

I have to report the following in brief:

In South Kanara there are about 1,200 sq. miles of forest area now closed as unreserves as against about 780 sq.miles of reserve forest. This vast area of unreserves is being fast depleted by unpatriotic elements in the form of merchants and settlers from Malabar and elsewhere. The Government of Madras had appointed special full-pledged Division consisting of an Assistant Conservator of Forests backed by adequate staff to survey, demarcate and reserve these forests. This staff worked for some time and did some valuable service by demarcating about two to three hundred square miles of forest; but suddenly hue and cry raised against the work by interested parties to ~~viper~~ up the bogi of the rights of cultivators being in jeopardy as a result of such forest reservation. The Minister for Forest of the Government of Madras just before reorganisation visited South Kanara and after some preliminary consultation ordered that with a view to safeguard the interest of the cultivators for forest produce a belt of 200 yards should be left adjoining Patta lands to enable the Pattadars to ~~exear~~ exercise their usual rights to forest produce. So the works of the survey party was brought to an abrupt end because their survey and demarcation was based on the usual buffer belt of 100 yards around cultivation.

After the reorganisation of States the Conservator of Forests, Coorg Circle repeatedly contacted the Revenue Authorities and the local congress heads and M.L.As; he learnt from them that provided the interest of the ryots to their wanten forest produce are safeguarded they had no objection to the buffer zone of 100 yards only being left. A meeting of the Revenue Officers and others was convened some time in July 1957 at which the matter was discussed. Later on another meeting was held in November 1957 at which the Revenue and Forest officials confered and it was decided that a buffer zone of 100 yards only ~~mm~~ need be left. On the basis of this decision the District Collector of South Kanara has addressed the Secretary to the Government in the Revenue Department requesting that the orders of Government of Madras dated 29-6-56 may be suitably modified and altered

Seen A&F
When I visited South Kanara the M.L.As and other public representatives was [illegible] that the forest produce is being misused. Hence they wanted that the management may be taken over by the forest department with its affected the rights & privileges. Both the proposals may be examined

for leaving a belt of 100 yards only instead of 200 yards as stated in that order. I enclose herewith a copy of the above letter.

In this context I have to bring to your kind notice that the Minister for Forest with whom I had detailed discussions in this matter has been pleased to order that I may send up proposals immediately to Government requesting them to place under the control of the Forest Department the unreserves of South Kanara, and in fact all the unreserves throughout the new State of Mysore. Proposals to this effect have already been submitted by me to Government in my letter No.B3.154-1558/57, dated 7-11-57. Orders of Government are yet awaited. Meanwhile the depletion of the forest wealth over this 1,200 sq.miles forest now under Revenue Department management is stated to be going on a pace. To prevent clandestine fellings eleven checking stations (Tanahs) have been instituted ; but the position is not likely to alter unless the subtle activities of interested parties who apply for land and obtain small bits within thickly wooded zone with a view to deplete the forest round about their holdings are stopped

I, therefore request orders of Government on the following immediately:

1) Orders modifying Madras G.O.M.S.No.1606 Agri. Deptt. dated 29-6-56 permiting reservation of a belt of 100 yards only. This is very urgent because a skeleton forest staff has been appointed by the new Mysore State for continuing the demarcation to unreserves.

2) Pending such demarcation which may take two or three years or even more in view of the meagre staff now sanctioned as against the old staff of erstwhile Madras State, all the revenue forests of South Kanara be immediately transferred to the control of Forest Department as proposed in my reference indicated above.

Yours faithfully,

Sd/-

CHIEF CONSERVATOR OF FORESTS.

Copy of letter Ref.C.No.6320/55.D. dated 8-3-58 from the District Forest Officer, South Kanara to the Chief Conservator of Forests, Bangalore.

Sub:.Unreserves - Reservation proposal - submission of.
Ref:-Chief Conservator of Forests' telegram dated 7-3-58.

I submit herewith the details of blocks with their Sy.Nos. and area of unreserves (Revenue forests) proposed for reservation as desired in the reference cited. The details of area surveyed and demarcated during 1954-55 and 1955-56 by the Special staff are furnished below which was sanctioned as per G.O.No.248 Agriculture dated 29-1-1954.

Name of the block.	Sy. No.	Area
1. Shirady block	87/1	886.00 acres
2. Aletti block	336/1A	407.00 acres
3. Suranjikan block	115/1A	182.00 acres
4. Hengavally I	77	1251.00 acres
5. Rattady	82	511.00 acres
6. Kuthatahola "	72	775.45 acres
7. Amashebail "	83	266.00 acres
8. Devachalla "	348	977.20 acres
9. Albady "	79	266.00 acres.

Details of area surveyed and demarcated during 1956-57 by the Special staff sanctioned as per G.O.Ms.No.2335 Agriculture d/29-9-55.

1. Jambulukadu block	109	539.00 acres.
2. Hengavally block II	77	246.00 acres
3. Suraladavi extension I	121 & 153	264.00 acres
4. -do- -do- II	121,122,126	180.00 acres
5. Doddinaberu extension	73 & 85	365.00 acres.
6. Pajugudde block	256/1	400.00 acres
7. Periabane block	278/1 & 276/1.	917.00 acres
8. Balpa extension	242	598.00 acres.
9. Nerankimale "	143/1	250.00 acres
10. Achinamale block	237	1200.00 acres
11. Nadje extension	98/1	350.00 acres
12. Dharmasthala-Mundaje extension V	86 & 144	500.00 acres

In all the above cases, according to the existing G.O.resurvey has to be done leaving a belt of 200 yards, final decision of which is pending with Government.

Details of area surveyed and demarcated during 1957-58 by the Special staff sanctioned as per G.O.No.AFD.204 ENT/57,dated 16-10-57.

1. Aletti extension	336/1A	280.00 acres resurveyed leaving a belt of 200 yards as buffer area as per G.O Ms.No.1606 Agriculture dated 29-6-56 of the Govt. of Madras.
2. Kalmadka village Puttur taluk	174/1(Portion)	about 226 acres.
3. Nalkur kemraje village Puttur taluk	13	about 225 acres.

MYSORE GOVERNMENT SECRETARIAT
No. 2565
12 FEB 1958
ANIMAL HUSBANDRY & FOREST BRANCH

Sir,

Sub:-Leaving a margin of 200 yards while demarcating unreserves of South Kanara.

Ref:-This office letter No. B6.19.262/57 dated 11-2-58.

I have to report the following in brief:

In South Kanara there are about 1,200 sq. miles of forest area now ~~closed~~ leased as unreserves as against about 780 sq.miles of reserve forest. This vast area of unreserves is being fast depleted by unpatriotic elements in the form of merchants and settlers from Malabar and elsewhere. The Government of Madras had appointed special full-pledged Division consisting of an Assistant Conservator of Forests backed by adequate staff to survey, demarcate and reserve these forests. This staff worked for some time and did some valuable service by demarcating about two to three hundred square miles of forest; but suddenly a hue and cry was raised against the work by interested parties to ~~whipe~~ whip up the bogi of the rights of cultivators being in jeopardy as a result of such forest reservation. The Minister for Forest of the Government of Madras just before reorganisation visited South Kanara and after some preliminary consultation ordered that with a view to safeguard the interest of the cultivators for forest produce a belt of 200 yards should be left adjoining Patta lands to enable the Pattadars to ~~exerr~~ exercise their usual rights to forest produce. So the works of the survey party was brought to an abrupt end because their survey and demarcation was based on the usual buffer belt of 100 yards around cultivation.

After the reorganisation of States the Conservator of Forests, Coorg Circle repeatedly contacted the Revenue Authorities and the local congress heads and M.L.As; he learnt from them that provided the interest of the ryots to their wanten forest produce are safeguarded they had no objection to the buffer zone of 100 yards only being left. A meeting of the Revenue Officers and others was convened some time in July 1957 at which the matter was discussed. Later on another meeting was held in November 1957 at which the Revenue and Forest officials confered and it was decided that a buffer zone of 100 yards only ~~mm~~ need be left. On the basis of this decision the District Collector of South Kanara has addressed the Secretary to the Government in the Revenue Department requesting that the orders of Government of Madras dated 29-6-56 may be suitably modified and altered

29/4/58

whip

F38

50

for leaving a belt of 100 yards only instead of 200 yards as stated in that order. I enclose herewith a copy of the above letter.

In this context I have to bring to your kind notice that the Minister for Forest with whom I had detailed discussions in this matter has been pleased to order that I may send up proposals immediately to Government requesting them to place under the control of the Forest Department the unreserves of South Kanara, and in fact all the unreserves throughout the new State of Mysore. Proposals to this effect have already been submitted by me to Government in my letter No.B3.154-1558/57, dated 7-11-57. Orders of Government are yet awaited. Meanwhile the depletion of the forest wealth over this 1,200 sq.miles forest now under Revenue Department management is stated to be going on apace. To prevent clandestine fellings eleven checking stations (Tanahs) have been instituted ; but the position is not likely to alter unless the ~~settled~~ activities of interested parties who apply for land and obtain small bits within thickly wooded zone with a view to deplete the forest round about their holdings are stopped

subtle

I, therefore request orders of Government on the following immediately:

1) Orders modifying Madras G.O.M.S.No.1606 Agri. Deptt. dated 29-6-56 permiting reservation of a belt of 100 yards only. This is very urgent because a skeleton forest staff has been appointed by the new Mysore State for continuing the demarcation to unreserves.

2) Pending such demarcation which may take ~~to~~ two or three years or even more in view of the meagre staff now sanctioned as against the old staff of erstwhile Madras State, all the revenue forests of South Kanara be immediately transferred to the control of Forest Department as proposed in my reference indicated above.

Yours faithfully,

(K.KADAMBI)
CHIEF CONSERVATOR OF FORESTS.

20/5/58

Copy of letter No.Ref.A7-25465/57, dated 2-2-58, from the Deputy Commissioner of South Kanara, Mangalore, to the Secretary to Government, Revenue Department, Vidhana Soudha, Bangalore, through the Divisional Commissioner, Mysore.

--

Sub:-Forests - South Kanara District - Reservation of unreserves - regarding.

--

Ref:-G.O.Ns.No.1606 Revenue Deptt. dated 29-6-56.

--

The question of reserving large extents of land in this District was taken up by the Govt. of Madras in 1948 on the recommendation of the Conservator of Forests on special duty, who submitted a report on the regeneration of, and forest policy for the private and departmental forests. According to his recommendations, the District Forest Officer submitted proposals for the reservation of 54,662 acres of unreserves. But these proposals could not be pushed through, without actually surveying and demarcating the area. A special staff consisting of an Assistant Conservator of Forests, two Forest Rangers and four Foresters was sanctioned in G.O.No.248 Agriculture dated 29-1-54, of the Govt. of Madras, and definite proposals for reservation of certain areas were received from the D.F.O. towards the beginning of 1955. These proposals left a buffer area of 100 yards only between the Patta land and the reserved forest boundary.

2. At this stage, the pattadars and cultivators residing in the villages defected by these proposals, agitated against the reservation proposals. The then Minister for Agriculture, Govt. of Madras, visited the area in April 1955, and after discussion with local representatives and District Officers came to the decision that reservation in that area could be done. However, as regards general reservation proposals, he directed the Collector to convene a meeting of the members of the Legislature and Presidents and Vice-Presidents of the District Board, take their considered opinion and forward it to Government. Accordingly a meeting was convened on 17-5-55, and it was decided after a local inspection of the localities by the then Collector and the D.F.O., South Kanara, that a buffer area of 200 yards should be allowed instead of 100 yards, in view of the Kumki privileges enjoyed by dakim pattadars up to 100 yards from the limits of their holdings. On a report of the Collector, the Government of Madras in G.O.Ms.No.1606 Agriculture Department dated 27-6-56 ordered the revision of reservation proposals, leaving a belt of 200 yards. Copies of G.O.Ms.No.1406 Agriculture Department dated 25-5-55 and G.O.Ms.No.160 1606 Agriculture Department, dated 29 -6-56 of the Government of Madras are enclosed.

3. The proposals received from the D.F.O. for reservation have been returned to him for revision according to the Government orders. As the revision of the proposals involved resurvey of the areas, the D.F.O. has submitted proposals for the appointment of additional staff. In the meantime, the question of reservation was again discussed at a meeting of officials of Revenue and Forest Departments held on 10-7-57 and 26-11-57. The Forest Officials have agreed to mark the reserve forest boundary in a conspicuous manner least the ryots should x tresspass into reserve forests. They are also not particular to have any exclusive buffer area and have no objection to the ryots exercising their kumki privileges right up to the reserved forest boundary It was therefore decided that the proposals for reservation leaving a Buffer area of 100 yards between the patta land and the reserved forest boundary may be pushed through.

4. In view of the decision arrived at the Conference of officials of the Forest and Revenue Department and in view of the fact that the liberties of the ryots are not proposed to curtail, I request that the orders of the Govt. of Madras in G.O.Ms.No.1606 Agriculture Department dated 29-6-56 may be suitably modified and reservation proposals ordered to be submitted leaving a belt of 100 yards only.

Sd/-S.U.P.Nayak

No. B-6-15-221/58

To:

The Secretary to Government,
Agriculture & Forest Department,
Bangalore.

Subject: Reservation of unreserves - South Kanara District.

Ref: Your ref. No.AFD 204 ENT 57, dated 11-3-1959.

P79CF

Sir,

In the above cited reference, Government have directed that a belt of 200 yards width instead of 100 yards should be left around private holdings and that this question should not be reopened. The subject was discussed by me again with the Hon. Minister for ~~Agriculture~~ Forests and ~~Forests~~ Transport and the present report reiterating the opinion already expressed, is based on this discussion.

Taking over of unreserves, district forests and minor forests now under the control of Revenue Department by the Forest Department for providing protection and silvicultural treatment, has attracted the attention of Government. ~~of India~~ Government of India have proposed on this item of consolidation of forests Rs.6.4 crores be spent during the course of the third plan. While generally such areas are of poor consequence from forest growth point of view and would need immediate rehabilitation measures, the unreserves in South Kanara, covering 1090sq. miles, bear over extensive areas dense and valuable stands of ~~tree~~ growth of immence value. To quite a certain extent, in several areas, these have unfortunately degraded to sheer beds of laterite, lost for future generations due to merciless fellings, consequent on lack of protection.

In the interest of agriculture, Government took up

P.T.O.

reservation and during the years 1954- to 1957, 12,061 acres were surveyed and demarcated. The usual procedure of leaving 100 yards buffer width round the blocks to be reserved, followed in the Madras State, was adopted.

Just prior to reorganisation, the Minister for Forests of Madras State visited the District and on the representation of the interested public, he requested the Collector to convene a meeting and send up proposals to Government regarding increasing of the buffer width in case of new reservations to 200 yards.

The unreasonableness of this concession has been fully explained to Government. In the meeting convened by the Deputy Commissioner of South Kanara District of the District Officers on 26-11-1957, it was agreed that a buffer area of 100 yards width between the patta boundary and the Reserve Forest would be sufficient. The Government money and time spent in demarcating 12,061 acres would now go waste as the entire area has to be resurveyed and demarcated. This would perhaps be well worth it, if it were in the interest of the Nation. On the contrary, this is a retrograde step. Since 1864, when damage from wild life would have been of grave severity, a buffer width of only 100 yards around the warg limits was left. Now, when the problem of wild-life is not there, there can be no justification for extending the buffer width to 200 yards. Even at present, whatever be the limit prescribed, at the time of reservation the Forest Settlement Officer will study the needs of individual cases - the rights, privileges and concessions of the people and thus, the interest of the public will not be jeopardized.

It is submitted that the width of 200 yards belt to be conceded both for khadim warg and Hosagame lands is far too much. The width of several of the unreserve blocks are not adequate enough to provide for such belts

of 200 yards width and this provision will result in splitting up of compact blocks into fragments. Further, in most cases kumkies will be disproportionately large compared to the patta lands. To cite an example, an acre of private land measuring 5 chains by 2 chains, by providing a belt of 200 yards all round will enjoy kumki right over 45 acres. If this provision is adopted, out of the 1090 sq.mls. of unreserves, even 200 sq.mls. may not be available for reservation and in very many cases, it would consist of scattered blocks the protection of which would be well nigh impossible.

In case of State Forests in the old Mysore area, the buffer width around the forests is 110 yards. In case of North Kanara District, upto the very limits of cultivation the forest area is reserved and as per merits of the different types of cases, strip line clearance is permitted. In case of Hyderabad areas it is 110 yards. In South Kanara District, in case of all the existing Reserve Forests, the buffer width is only 100 yards. There appears to be no need to make an exception in the case of new reservations in South Kanara alone, where reservation itself has been taken up to put a half to the fast depletion of the forests.

In the light of the above, it is requested that Government may kindly reconsider the issue and order the buffer width be restricted to 100 yards.

Yours faithfully,

(K. Kadambi)
CHIEF CONSERVATOR OF FORESTS.

79 87

No.B-6-15-221/58
Enc. 3 & 12 Sketches.

Chief Conservator's Office,
Bangalore, dated 30-7-1959.

To,
The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub:-Reservation of unreserves - South Kanara District.

In continuation of this office letter of even number dated 3-6-1959 I enclose herewith a copy of letter No.A-3-117-2582/57 dated 16-7-1959 with its accompaniments explaining how the reservation work will be adversely affected by extending the buffer margin from 100 yards to 200 yards from the limits of cultivation. If the reservation done in the past leaving a buffer margin of 100 yards is now to be revised by extending the same upto 200 yards, more than half of the valuable forests area already reserved will have to be sacrificed as can be seen from the statement attached. The District Forest Officer, South Kanara further reports that if the present orders of Government to leave a margin of 200 yards is insisted upon we are not likely to get any block worth reservation in the rest of the area to be reserved. Government may therefore, kindly be moved to reconsider the orders already passed and take early decision in the matter.

Yours faithfully,

(K.KADAMBI)
Chief Conservator of Forests.

No.A3-117-2582/57. Office of the Conservator of Forests,
Coorg Circle, P.B.No.4, Mercara,

Dated the 15th July, 1959.

From - The Conservator of Forests, Coorg Circle,
Post Box No.4, Mercara.

To - The Chief Conservator of Forests in Mysore,
Bangalore.

Subject:- Reservation of unreserves - leaving 200 yards belt
Requesting for reconsideration to leave 100 yards belt.

Sir,

A copy of letter No.R.C.8777/59-D2, dated the 27th June, 1959, from the District Forest Officer, South Kanara, together with 12 sketches of lands available for reservation, are enclosed. The sketches enclosed clearly illustrate the extent to which availabilities of areas for reservation, would be adversely affected by extending the buffer margin from 100 yards to 200 yards from the edge of cultivation.

2. If as now ordered the buffer is to be maintained at 200 yards from the edge of cultivation, all the proposals for reservation of 12,650.65 acres formulated already and awaiting notification, have to be withdrawn and completely dropped, and areas planted up with cashew in anticipation of reservation too will have to be surrendered. Not only that, the attempts to take over unreserves in implementation of the decision arrived at the meeting of the Deputy Commissioners too will have to be given up.

3. I request you to please appraise Government of the effect of the G.O. under advertance and urge Government again for reconsideration and suitable amendment of the order.

Yours faithfully,

B.P. Ramakrishna

Copy of letter No.R.C.8777/59-D2, dated the 27th June, 1959, from the District Forest Officer, South Canara, to the Secretary to the Government, Agriculture and Forests, Govt. of Mysore, Bangalore, through the Proper channel.

Subject:- Reservation of UI reserves, leaving 200 yards belt- requesting for reconsideration to leave 100 yards be

---

With reference to the instructions given by the Hon. Minister for Forests and Transport on 5-6-1959 at the Gazetted Forest Officer's conference and as per the personal instructio of the Seceretary for Agriculture and Forests on 6-6-1959, I enclose herewith 12(twelve) sketches marking in them the 200 yards limit. I have also enclosed a tabular statement showing the area available for reservation in these blocks with 100 yards Kumki limit, and 200 yards Kumki limit, from which could be seen, how all the work and labour done in the past four years goes waste. None of the blocks can be taken up for reservation being small and uneconomical bits. Hitherto 26 (Twenty six) blocks of 12650.65 acres have been demarcated and kept ready for notification. In view of the above, I request that they may please be reconsidered and orders passed to leave only 100 yards limit as per the privileges admitted under the B.S.O. I may also further submit that we are not likely to get any block worth reservation in the rest of the area. However the staff is put on collection of statistics and a report will be submitted in due course of time.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE

Subject:- Reservation of unreserves - South Kanara District.

....

AGRICULTURE & FOREST DEPARTMENT

G.O.No. AFD 204 ENT 57 dated the 12th September 1959

Read:-

1. G.O. Ms.No.1606 dated 29-6-56 from the Government of Madras, Agriculture Department.

2. Government Letter No.AFD 204 ENT 57 dated 11-3-1959.

3. Correspondence ending with letter No.B-6-15-221/58 dated 30-7-1959 from the Chief Conservator of Forests, Bangalore.

ORDER.

In supercession of orders issued in Madras G.O.Ms.No.1606 dated 29-6-1956 and in Government Letter No.AFD 204 ENT 57 dated 11-3-1959 read above, Government is pleased to direct that a belt of 100 yards width instead of 200 yards be left around private holdings whether Kadimwar or Hogame in the South Kanara District. The Chief Conservator of Forests is requested to take further action in the matter.

By Order and in the name of the Governor of Mysore,

Issued with sketches
12/9

(S.A. Mannan)
